# Delivering Reliability. Consistently.

KG Technologies' unparalleled, high-powered, high-quality switching solutions are matched only by uncompromising attention to meeting our customers' evolving needs. Our disconnect/reconnect relay switches meet strict ANSI and IEC standards, making them one of the most reliable and consistent on the market. We strive to maintain these standards while staying competitively priced, whether it's working with a custom design or an existing one.

With our state-of-the-art factory, KG Technologies has the capacity to manufacture high-volume, top-quality relays. This allows us to deliver the shortest lead time in the industry, while upholding our world class service.

Please visit our website, contact one of our service representatives or visit us at booth C08 at the Metering Europe show and find out how we can maximize your energy management capabilities.

***We work with you so that our products work for you.***

FAQ

---

Hello everyone! It's been a busy week around the office as we were putting the finishing details on a surprise we had for you.. from [http://blog voipinnovations com/blog/chat-with-nat-toll-free-and-top-fellows..](http://blog.voipinnovations.com/blog/chat-with-nat-toll-free-and-top-fellows..) We also honored a couple of individuals with new and highly deserved titles We'll cover it all now in this week's Chat with Nat: Toll-Free and Top Fellows.

What's that? Did you miss the announcement? We'll discuss that shortly, so hold tight.
